PHILADELPHIA, April 9, 1846.

Last August a year, I caught a violent cold, in Last August a year, I caught a violent cold, in consequence of getting wet in a shower of rain. A circumstance so common gave me no immediate concern, supposing that I should soon get rid of it. On the contrary, however, I daily grew worse; a violent cough set in, then pain in my breast and between my shoulders. I now suffered great oppression from the great secretion of purulent matter in my lungs. I became greatly alarmed; and my friends considered my situation extremely critical, the more so as loss of appetite, hectic fever, and night sweats rendered me as weak as a child, and at night the sweat literally poured off me! This was my condition when I commenced using "Thomson's Compound Syrup of Tar and Wood Naphtha." I procured one bottle, and experience so much benefit that I resolved to continue it. It is now six mouths since I ceased using the medicine, and the cure remains parfect. family believe this medicine is far superior to avery other remedy for Consumption of the Lungs. I. I. CHAMBERLAIN, No. S, Carberry street. Affirmed and subscribed this 9th day of April, 1846, before me.
